GRATEFUL DEAD

WITH 2 OF THE PLACES

ON

WEA

I wonder does the Phantom cry?

I wonder does he pick off?

I wonder does he wonder/pink himself about whether or not Diana is talking/singing/laughing/fuckin'/macking with another person?

I wonder he have sexual fantasies about his horse
Kee and Paul the dog?

I wonder does he care whether Diana's mom
meets or not?

I wonder when is he really himself?

when his Mr Walker or is it when
he's in his Phantom suit or is it
when he's in his birthday suit?

I wonder does he worry about the
fact that he's saying about his
age?

I wonder does he think of Joran
as an equal or as a servant?

I wonder why he hasn't got any
slacks friends?

I wonder does he stimulate Diana's
interest or is he discouraging them?

I wonder does he love Diana because
she stimulates him or because he
stimulates/retards/protects her?

I wonder is there little man
stains on the inside of his suit
where his size-hole fits and
who washes it off?

I wonder does he have B.O.
from bath, sweat,uff, time, or the
brake or push his nose or hand?

I wonder can he walk, run,
or skip or waltz polka

or change a
napkin or
mend +
broken?
heart?
